

Biology 381 - T2 & T4
Peer Led Team Learning in General Biology

Workshops - Tuesday - 5:00pm to 6:15pm – site TBA

Preparation – Thursday – 5:00pm to 6:15pm – SA 166

WORKSHOP [tentative] SCHEDULE ... is subject to change.

1. T Aug 28 Introduction, assignment of Workshop Groups, & Scientific Method
2. T Sep 04 Early Earth & Origins of Life Experimentation
3. T Sep 14 Biological Chemistry Part 1 - Inorganic & Organic
4. T Sep 15 Biological Chemistry Part 2 - Macromolecules
- T Sep 25 **Lecture Test #1** – during workshop meeting time in SA 126 5:00-6:15pm
5. T Oct 02 Prokaryotes & Eukaryotes Cell Structure
6. T Oct 09 Cell Membranes and Transport
7. T Oct 16 Energy, Metabolism, and Cell Respiration
8. T Oct 23 Photosynthesis
- T Oct 30 **Lecture Test #2** - during workshop meeting time in SA 126 5:00-6:15pm
9. T Nov 06 Cell Reproduction & Mendelian Genetics
10. T Nov 13 Molecular Genetics 1 - Genes Structure
11. T Nov 20 Molecular Genetics 2 - Transcription and Translation
12. T Nov 27 Form & Function: Homeostasis, Neurophysiology & Sensory Systems

PREPARATION for WORKSHOP SCHEDULE ... is subject to change.

MEET in ROOM - SA 166

1. R Aug 23 Introduction, assignment of Workshop Groups, & Intro Workshop
2. R Aug 30 Review of 1st meeting and shake-out
3. R Sep 20 Prep for 1st test – I'll mention topics covered, what to expect
4. T Sep 25 **Lecture Test #1** – during workshop meeting time in SA 126 5:00-6:15pm
5. R Oct 25 Prep for 1st test – I'll mention topics covered, what to expect
6. T Oct 30 **Lecture Test #2** - during workshop meeting time in SA 126 5:00-6:15pm
7. T Dec 04 Review and grading for Workshops; preparation for final exam.
